

Dear members of the Community Liaison Group,

We hope you are well.

We wrote to you recently to inform you that we anticipated closing one lane of Broom Way to traffic next week while we created a new access to our site.

We wanted to let you know that we are now no longer planning to carry out this work in the next week. This will now be rescheduled to a future date. We recognise that initially the community received short notice of the closure, and we are grateful for your engagement with us on this issue.

We will be publishing this update on our project website:<http://www.ifa2interconnector.com/news/>. Given your position, we would very much appreciate your assistance in communicating this update to the wider community.

We are grateful your cooperation during this time, and would be happy to discuss this update in more detail. We will also be in touch again when we have further details of the rescheduled work.

If you have any questions in the meantime, please do let us know.

Kind regards,

Kate
