30 July 2018

Dear Neighbour,

**IFA2 – Broom Way lane closure update**

We wrote to you on Tuesday 29 May 2018 to let you know about our plans to create a new site entrance on Broom Way.

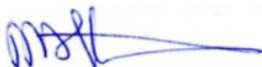

As you will be aware, following feedback from the community, we deferred the originally planned date for these works to ensure they fell outside school term period. We still need to carry out the work, and have rearranged it to begin on Monday 20 August 2018. We expect the work to take around two weeks.

As before, we will temporarily close one lane to traffic on Broom Way for a one week period during this work. The closure will be during off-peak hours (09.30am-15.30pm) from 20th August to 31<sup>st</sup> August, excluding the bank holiday. We will put in place temporary traffic lights with a full time operator to manage the single lane of traffic during this period. In advance of the lane closures, we will complete the diversion of the footpath which runs along Broom Way on to its new permanent alignment. This footpath will be open to the public while the works along the road are taking place.

We are sorry for the inconvenience this will cause you. We have planned the work to minimise the length of time the lane will be closed, and agreed all work with both Hampshire County Council, which is responsible for managing roads in the local area, and Fareham Borough Council.

Thank you in advance for bearing with us during this work. If you have any questions or comments in the meantime, please contact us on [info@ifa2interconnector.com](mailto:info@ifa2interconnector.com) or 0800 0194 576.

Yours sincerely

David Luetchford
